PREFACE

This set of 60 photocopiable sheets has been written to accompany the **Maths On Target Year 5** book.

The structure of the set of sheets matches that of the book and of the renewed Primary Framework for Mathematics. They are arranged in five blocks, A–E, each of which consists of three units. To ensure progression throughout the year the units are best taught in the order in which they appear in these sheets, in **Maths On Target Year 5** and in the exemplar planning structure in the renewed framework.

	Block A	Block B	Block C	Block D	Block E
Term 1	Unit 1	Unit 1	Unit 1	Unit 1	Unit 1
Term 2	Unit 2	Unit 2	Unit 2	Unit 2	Unit 2
Term 3	Unit 3	Unit 3	Unit 3	Unit 3	Unit 3

Each unit in **Maths On Target Year 5** consists of lessons based upon the learning overview for that unit in the renewed framework. The intention of these sheets is to provide teachers with material to assess/review the children's learning for each unit, concentrating upon the key end of year objectives.

The sheets have been used equally successfully in the classroom or as homework tasks.

The author is indebted to Sharon Granville for her invaluable assistance and advice in the completion of this work.
