

	Sheet		Sheet
NUMBERS AND THE NUMBER SYSTEM			
Number and order	1	Grouping	56
Counting objects	2	Division problems	57
Counting in ones	3	×/÷ by 1, 10	58
Counting in tens	4	Doubling and halving	59
Odd and even numbers	5	Two times table	60
Number sequences	6	Ten times table	61
Multiples	7	Five times table	62
Reading and writing numbers	8	SOLVING PROBLEMS	
Place value	9	Number stories	63
First, second, third ...	10	Missing signs	64
Ordering numbers	11	More missing signs	65
1, 10 more or less	12	Dice	66
Writing numbers in order	13	Colouring squares	67
Making estimates	14	Finding examples	68
Rounding	15	Finding more examples	69
Fractions of shapes	16	One step problems	70
Fractions of numbers	17	Two step problems	71
Comparing fractions	18	Recognising notes and coins	72
		How much change?	73
		Money problems?	74
ADDITION AND SUBTRACTION			
Number tracks	19	MEASURES	
Addition problems	20	Length problems	75
How many more?	21	Length words	76
Adding 3 numbers - apparatus	22	Length - units of measurement	77
Adding 3 numbers - mentally	23	Measuring length	78
Subtraction problems	24	Using a ruler - reading measurements	79
Finding differences	25	Using a ruler - measuring lines	80
Addition facts	26	Mass problems	81
Subtraction facts	27	Mass words	82
Making totals	28	Mass - units of measurement	83
Changing the order	29	Grams and kilograms	84
Adding more than 2 numbers	30	Capacity problems	85
Partitioning	31	Capacity words	86
Finding a small difference - counting	32	Litres and millilitres	87
Using near doubles to add	33	Time problems	88
Adding 9, 19, 11, 21, etc.	34	Clocks 1	89
Subtracting 9, 19, 11, 21	35	Clocks 2	90
Using patterns	36	Clocks 3	91
Addition/subtraction relationships	37	Units of time	92
Adding single digit numbers	38	The months of the year	93
Subtracting single digit numbers	39	SHAPE AND SPACE	
Adding teen numbers	40	2-D shapes	94
Subtracting teen numbers	41	3-D shapes	95
Adding 10	42	Describing 2-D shapes	96
Subtracting 10	43	Cubes	97
+/- a pair of multiples of 10	44	Symmetry	98
Making 100	45	Positions	99
+/- multiples of 10	46	Directions	100
+/- a pair of multiples of 100	47	Turns	101
Add by bridging	48	HANDLING DATA	
Subtract by bridging	49	Lists	102
Finding a small difference - bridging	50	Tables	103
		Reading graphs	104
		Making graphs	105
		Reading pictograms	106
		Making pictograms	107
MULTIPLICATION AND DIVISION			
Repeated addition	51		
Arrays	52		
Understanding multiplication	53		
How many?	54		
Sharing equally	55
